Hello. With this e-mail I'm sending you the final notes from our Feb. 20 meeting at the Anchorage Federal Building, to discuss the Pebble Ltd. Partnership, Technical Working Groups (TWG).

(See attached file: Meeting Notes - Agency-Only Re Pebble TWG_3-27-09.doc)

The draft notes (circulated several weeks ago to all participants) were shared and discussed at yesterday's TWG Steering Committee meeting. As you might imagine, this led to a lively discussion with all participants, agencies and PLP representatives alike. I have revised the notes to reflect several comments I received regarding the Fish TWG's work on "Study Objectives and Agency Recommendations."

Next Meeting: April 21, 9 am - 12 noon, Anchorage Federal Building
 Can we change this date to the week prior? We have invited John Shively, PLP CEO, who confirmed he will attend. However, Ken Taylor, VP, Environment, would also like to attend. Mr. Taylor has surgery scheduled April 22, and so could only participate by phone on the 21st.

Please let me know if your schedule allows you to move this meeting to the week of April 13-17, so Mr. Taylor could join us in person..

Thank you.

John Pavitt
